Environmental Risk Assessor

JOB ID: ENVHire2
STATUS: Full-time, Permanent
LOCATION: Peterborough, Oshawa, Kingston Barrie, Ontario

Cambium is a successful consulting and engineering company built on quality people doing great work in a rewarding environment. It's our team that makes us unique.

And...our team is growing! We are currently seeking an **Environmental Risk Assessor** to join the Environmental Services group and support projects related to **human health and ecological risk assessments**. This group works with a variety of public and private clients on a wide range of projects related to Environmental Site Assessments & Remediation. The successful candidate will be responsible for conducting and managing environmental risk assessment as well as supervising junior staff members to meet project deliverables.

JOB DUTIES

- Technical support and leadership in human health and ecological risk assessments, as well as risk management plan development.
- Provide strategic advice related to risk-based approaches in support of redevelopment, remediation and/or risk management.
- Project planning, scheduling, allocation of personnel and resources, budgeting, and regular communication with clients.
- Project coordination, managing subcontractors, technical leadership, and technical design for public and private sector clients.
- Developing project proposals (scope, schedule, budget) and assessing the feasibility of various RA approaches (e.g., MGRA, Tier 3 RA)
- Design, manage and execute human health and ecological risk assessments as well as soil vapour and indoor air quality assessment programs.
- Aid in data management, contaminant fate & transport modelling, exposure modelling and quantitative risk calculations.
- Directly responsible for the health and safety of any person working on an assignment under the supervision of the project manager.
- Ability to interact, present findings and advocate on behalf of the client with applicable regulatory agencies and stakeholders.
- Coordinating with inter-office/company disciplines (e.g. water/wastewater, geotechnical and biology/ecology) on multi-disciplinary projects such as site development, environmental remediation, landfill development, and/or environmental restoration.
- Provide training and guidance to junior and intermediate Cambium personnel.
- Travel, shiftwork and overtime may be required.

QUALIFICATIONS

- University degree (Master's degree preferred) in one or more of the following: environmental science, toxicology, or chemical engineering.
- Minimum 6 years' experience conducting risk assessment work.
- Must be a QPRA under O.Reg 153/04.
- Environmental consulting experience is an asset.
- A thorough knowledge of Provincial, Federal and local regulations, guidelines and standards.
- Attention to detail in all undertakings is essential.
- Superior organizational and communications and critical thinking skills are essential.
- Desire to succeed in a dynamic, progressive organization.
- The successful candidate will demonstrate excellent communication skills with fluency (reading, writing and oral) in English.
- Valid Driver's License and access to a reliable vehicle.

WHY CAMBIUM?

Our team is different. From camping trips and movie nights to company ball-hockey tournaments in the parking lot, our team likes to have a good time together. When we cannot be together (welcome to 2021), we continue to maintain our team's bond, through activities such as photo contests, shout-outs of appreciation and care packages.

Our team is hard-working. You'll need to be flexible and able to switch priorities frequently. Sometimes the days are long. But you are always compensated for your efforts, including a minimum of 3 weeks of vacation for new, full-time team members.

Our team is proud. Flexible scheduling. Donating a portion of our net income each year to local causes and events. Winning awards. You'll find it easy to feel good about Cambium.
