

JOB OPPORTUNITY

GIS Drafting Technician/Technologist

Status: Permanent, Full-Time
Location: Peterborough

Cambium is a successful consulting and engineering company built on quality people doing great work in a rewarding environment. It's our team that makes us unique.

And...our team is growing! We are currently seeking a **GIS (cartographic) Drafting Technician or Technologist** to join our team **to support work with a variety of engineering and environmental disciplines related to making drawings and figures. Are you a visual designer and communicator able to create a wide variety of customized maps and other products using GIS applications? Then we have the career for you!**

JOB DUTIES

- Create and update figures/plans to support the environmental and geotechnical professional services provided by Cambium including site plans, key plans, figures, sketches, cross-sections, profiles, and site design and contract drawings for a variety of projects including commercial, industrial, and municipal applications.
- Collect, create, manage, and provide quality control for spatial and tabular data in a variety of formats using GIS data and software.
- Prepare preliminary and detailed design drawings and calculations using AutoCAD Civil 3D software.
- Import survey data to create features and surfaces.
- Complete site surveys using a variety of survey equipment (level, total station, RTK HiPer II system).
- Participate in project meetings and coordinate with team members to ensure efficient and timely delivery of project deliverables.
- Travel, shiftwork or overtime may be required in all seasons.

REQUIREMENTS/QUALIFICATIONS

- Relevant College Diploma or University Degree; related experience
- Education/experience with focus on cartography preferred (cartographic specialist)
- Proficient GIS practitioner, visual designer, and communicator
- Experience with AutoCAD Civil 3D a strong asset
- Surveying experience in various field scenarios and project types considered a solid asset
- Strong capability using Microsoft Office Suite (MS Word, MS Excel, MS Outlook) is essential
- Superior technical skills and attention to detail
- Outstanding organizational and communications abilities
- Good problem solver with ability to identify alternative solutions
- The ability to work with multiple people and prioritize tasks is a must
- The ability to work under pressure and meet tight deadlines
- Working independently as well as a part of a team

JOB OPPORTUNITY

GIS Drafting Technician/Technologist

- Written and verbal communication skills are essential. Ability to communicate well with others and engage in technical conversations
- A valid driver's license and access to a reliable vehicle are required

Cambium welcomes and encourages applications from people with disabilities. Accommodations are available on request for candidates taking part in all aspects of the selection process.

If you're interested, send us some information that helps us understand how you are the right fit for this role and for our team. Kindly forward your documents, in electronic format only, to hr@cambium-inc.com.

WHY CAMBIUM?

Our team is different. From camping trips and movie nights, to company ball-hockey tournaments in the parking lot, our team likes to have a good time together.

Our team is hard-working. You'll need to be flexible and able to switch priorities frequently. Sometimes the days are long. But you are always compensated for your efforts, including a minimum 3 weeks of vacation for new, full-time team members.

Our team is proud. Flexible scheduling. Donating a portion of our net income each year to local causes and events. Winning awards. You'll find it easy to feel good about Cambium.
