

JOB OPPORTUNITY

Environmental Data Technician

JOB ID: ENVHire27
STATUS: Permanent, Full-time
LOCATION: Peterborough or Oshawa, Ontario

Cambium is a successful consulting and engineering company built on quality people doing great work in a rewarding environment. It's our team that makes us unique.

And...our team is growing! We are currently seeking an **Environmental Data Technician** to join our Environmental Services group.

JOB DUTIES

- Work closely with a team of engineers, technologists, and technicians on a wide variety of projects at a time, for a number of market sectors, both locally and across Ontario.
- Use of ESdS Esdat to manage and organize laboratory and field data to support the preparation of reports, develop solutions, to ensure quality and consistency, and that projects are completed in a timely and efficient manner.
- Maintain and query data using data management software including ESdS Esdat and produce data reports
- Coordinating with inter-office/company disciplines (e.g., water/wastewater, geotechnical, biology/ecology) on multi-disciplinary projects such as site development, environmental remediation, landfill development, and/or environmental restoration.
- Assist team members in the development and improvement of standards and procedures for data management.
- Provide training and guidance to junior Cambium personnel.
- Travel, shiftwork, and overtime may be required.
- Typical office environment working with computers and remaining sedentary for long periods of time.

QUALIFICATIONS

- Post-secondary education (or equivalent) in Earth Sciences, Chemistry, Geography, Environmental Engineering, Environmental Science, or related field.
- Minimum of 2 years of relevant experience working with analytical data.
- Environmental consulting experience is an asset.
- Experience or specialized training in the use of ESdS Esdat and/or ArcGIS considered an asset.
- A thorough knowledge of Provincial, Federal, and local regulations, guidelines, and standards.
- Attention to detail and focus on quality management in all undertakings is essential.
- Organizational and critical thinking skills are essential.
- Self-motivated and independent worker with the ability to adapt and handle multiple priorities, deadlines, and budgets.
- Desire to succeed in a team-based, multi-disciplinary, dynamic, and progressive organization.
- The successful candidate will demonstrate excellent communication skills with fluency (reading, writing and oral) in English.
- Valid Driver's License and access to a reliable vehicle.

Cambium welcomes and encourages applications from people with disabilities. Accommodations are available on request for candidates taking part in all aspects of the selection process.

If you are interested, we invite you to send us some information to help us understand whether you are the right fit for this role and our team. Kindly forward your documents, in electronic format only, to hr@cambium-inc.com.

JOB OPPORTUNITY

Environmental Data Technician

WHY CAMBIUM?

Our team is different. From camping trips and movie nights to company ball-hockey tournaments in the parking lot, our team likes to have a good time together. When we cannot be together (welcome to 2021), we continue to maintain our team's bond, through activities such as photo contests, shout-outs of appreciation and care packages.

Our team is hard-working. You'll need to be flexible and able to switch priorities frequently. Sometimes the days are long. But you are always compensated for your efforts, including a minimum of 3 weeks of vacation for new, full-time team members.

Our team is proud. Flexible scheduling. Donating a portion of our net income each year to local causes and events. Winning awards. You'll find it easy to feel good about Cambium.
