

JOB OPPORTUNITY

Technician/Technologist

JOB ID: ENVHire34
STATUS: Contract, Full-time
LOCATION: Peterborough, Oshawa or Barrie, ON
SALARY RANGE: \$19-22/hr

Cambium Inc. is a successful consulting and engineering company built on quality people doing quality work in a rewarding environment. It's our team that makes us unique. We are currently seeking an **Environmental Technician or Technologist** to join our team!

Job Duties

- Inspect and advise for compliance with permit and environmental regulations, including erosion and sediment control plan, stormwater management plans, Permit to take Water, Endangered Species Act, and Renewable Energy Approvals.
- Review and provide input on erosion and sediment control plans.
- Perform erosion and sediment control inspections, issue daily inspection logs, and provide recommendations and inspection of corrective measures.
- Soil, sediment, surface water and groundwater sampling utilizing a wide variety of equipment and instrumentation
- Operation of various types of field monitoring equipment (e.g., hand auger, multiparameter water quality meter, audio recorder, GPS, data logger, survey level, etc.)
- Completion of field documentation such as inspection reports, monitoring logs, survey forms, and laboratory chain-of-custody forms
- Assists with report writing and ensures their work is completed with accuracy and precision
- Generally, works under the supervision of senior technical staff and project coordinators/managers
- Committed to health and safety procedures and practices
- Contributes to project delivery in other technical capacities, as required
- Equipment calibration, maintenance, and repair
- Provides technical support to junior field staff, as required
- Performs other responsibilities associated with the position, as appropriate
- Must be willing to work outdoors in all seasons and under challenging weather conditions
- Travel and weekend work may be required

Qualifications

- Bachelor of Science or Engineering degree or College diploma in a related field
- 1+ years' work experience in ecology, environmental monitoring, and/or environmental consulting
- Outstanding organizational and communication abilities
- Superior technical skills and attention to detail
- Experience analyzing environmental sample data and reporting results to regulatory bodies and stakeholders
- Strong Microsoft Excel and Word skills

JOB OPPORTUNITY

Technician/Technologist

- A valid Class 5 well license, Pleasure Craft Operator Card, and/or ATV training would be considered an asset
- Desire to succeed in a dynamic, progressive organization
- Experience working outdoors and willing to work in all seasons and weather conditions
- The successful candidate will demonstrate excellent communication skills with fluency (reading, writing and oral) in English.
- Valid Driver's License and access to a reliable vehicle

Cambium welcomes and encourages applications from people with disabilities. Accommodations are available on request for candidates taking part in all aspects of the selection process

If you're interested, please send us some information that helps us understand how you are the right fit for this role and our team. Kindly forward your documents, in electronic format only, to hr@cambium-inc.com.

WHY CAMBIUM?

Our team is different. From camping trips and movie nights to company ball-hockey tournaments in the parking lot, our team likes to have a good time together. When we cannot be together, we continue to maintain our team's bond, through activities such as photo contests, shout-outs of appreciation and care packages.

Our team is hard-working. You'll need to be flexible and able to switch priorities frequently. Sometimes the days are long. But you are always compensated for your efforts, including a minimum of 3 weeks of vacation for new, full-time team members.

Our team is proud. Flexible scheduling. Donating a portion of our net income each year to local causes and events. Winning awards. You'll find it easy to feel good about Cambium.
